

The AGENTS OF S.H.I.E.L.D. Get Their Man... or Do They? — LEVEL ELEVENTY-SEVEN #108

Episode 414 “The Man Behind the Shield”

Written by Matt Owens

Directed by Wendy Stanzler

It’s a game of cat-and-mouse on this week’s explosive episode of *Agents of S.H.I.E.L.D.*, but who’s the cat and who’s the mouse?

Coulson (Clark Gregg) and his team are aggressively searching for May (Ming-Na Wen) and Mace (Jason O’Mara), and in their hunt they come across pieces of Coulson’s past, where he and May visited Russia to retrieve a 084 for S.H.I.E.L.D. This is *before* May started seeing Andrew, and it serves to set up the antipathy felt by Ivanov (Zach McGowan), but more to set up another piece of the #Philinda Experience we’re about to get.

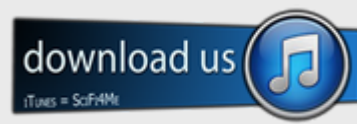

While it’s a perfectly straightforward episode, it has its moments of expectation-twisting, especially with an ending that could or could not actually be what it looks like...

The panel: Maia Ades, Mindy Inlow, Dan Handley, Jason Hunt
