

ZOMBPOCALYPSE NOW: “BURY ME” Among THE WALKING DEAD

Mr. Adair and Mr. Harvey have things to say about doomed characters on this week's *The Walking Dead*! It's **Zombocalypse Now**!

Season 7, Episode 13 “Bury Me Here”

Written by Scott M. Gimple

Directed by Alrick Riley

Lennie James as Morgan Jones, Karl Mäkinen as Richard (Gene Page/AMC)

Dustin: We need to get the rights to the *Invader Zim* "Doom" song, and play it whenever *The Walking Dead* introduces a character that is clearly doomed from the beginning.

Timothy: You know that would require this podcast to have a budget, right?

Dustin: Pffft. I've got three kids, I don't have a budget for anything that isn't clothes and food.

Timothy: That's what I'm saying. Hi folks! These two poor fools are back again this week with another episode of **Zombpocalypse Now...**

Dustin: Your weekly dose of things things Dead. Ish. We did talk about *The Wolves Who Are Teens*. And the Preacher Man. And some other stuff.

Timothy: Yes. It is, in fact, *The Walking Dead* this week, and we're back in *The Kingdom*!

Dustin: With Carol! And a tiger!

Timothy: And Morgan. And Ezekiel.

Dustin: Carol! *And a Tiger!* Oh, and poor, doomed Timmy.

Timothy: Benjamin. His name is Benjamin. There is no character in the show named Timmy.

Dustin: Right. Billy. That's what I said.

Timothy: Benjamin.

Dustin: Benji?

Timothy: Close enough. Anyway, check out our latest episode, and please, rate and comment on our podcast wherever you listen to us. We get download numbers from some places that carry the show, and some don't give us that info, so your feedback is a very helpful thing.

Dustin: And check out all the other cool podcasts we have on SciFi4MeRadio, because we have a bunch of them. Lots, even.

Timothy: Thanks for listening!

The Walking Dead airs Sunday nights at 9/8c on AMC.
